

## **Yorck R. Hernandez**

Yorck R. Hernandez is a highly experienced German and European patent attorney having strong technical expertise various fields. He is an expert in mobile communications, and provides expert opinion used for licensing negotiations world-wide as well as in cross-border litigations. Yorck also offers consultancy services in the field of IP, and is experienced in supporting clients with individual strategies for licensing or selling patents. Yorck has a master degree (Dipl.-Ing.) in electrical engineering, and founded his own patent law firm in 2006 (<http://abalon.global>). Yorck also founded CrowdPatent in 2013, the world's first platform connecting inventors, investors, and innovators (<http://www.crowdpatent.com>).
