Atlanta Strategic Development Center: A flagship Wipro development center where Wipro hires and trains talent to serve clients in the US and globally.

Wipro Solutions:

- From Aerospace and Banking to Health, Retail and Transportation, Wipro helps to make American companies more productive, agile and efficient; creating jobs and enhancing US competitiveness.
- Wipro customizes solutions, selects appropriate technologies and implements systems that help American companies innovate, grow, create jobs and Do Business Better.
- Examples:
 1. Working with one of the largest US banks with thousands of branch offices and ATMs spanning 25 states, Wipro created an integrated branch-web mobile platform for all their products.
 2. Wipro has a consulting partnership with Amazon to develop secure, cost-effective and cutting-edge cloud infrastructures for clients.
 3. When a major American retailer with more than 1,000 retail locations wanted to reduce its energy costs and carbon footprint, it engaged Wipro's EcoEnergy practice to help manage its energy usage.
 4. Wipro has helped medical device companies improve the quality of care for cardiac and diabetic patients by designing remote monitoring services. It also developed a new timekeeping and billing system for GM.

US Recruitment:

- Wipro actively and aggressively works with American colleges and universities to establish recruiting programs in order to prepare, groom and hire staff and future leaders for Wipro in the US.
- Wipro has recruited students from approximately 80 different US colleges and universities.
- Wipro's Global Graduate Business Program recruits candidates from MBA programs across the US for a two year, high-visibility program. New participants are sent to India for up to two months within the first few months of joining for leadership training, networking and cross cultural sessions.

Investment: More than \$1B invested in the US over the last 10 years.

Financial Data:

- Listed on the New York Stock Exchange since 2000.
- Assists and is a partner to more than 500 large US clients.
- The Azim Premji Foundation holds approximately 40% of Wipro shares, ensuring that profits are driven back to communities. In 2015, Wipro was recognized as one of the "World's Most Ethical Companies®" for the fourth year in a row by the Ethisphere Institute, an independent center of research promoting best practices in corporate ethics and governance. For Wipro, economic value is sustainable only if created on a foundation of ethics and responsibility.

Corporate Social Responsibility:

- **Wipro Science, Technology, Engineering and Math (STEM) Education Fellowship Program**

Goal: To improve science and math education by developing teacher leaders in public schools serving disadvantaged communities in urban areas.

1. \$5.1 million grant to the University of Massachusetts-Boston to create a joint STEM fellowship program in 15 school districts of Boston, New Jersey and New York. The Wipro Science Education Fellows program overseen by the Center of Science and Math in Context (COSMIC) at UMass-Boston will involve 180 elementary and secondary teachers as teacher leaders supporting local school district initiatives.
2. \$2.8 million grant to Michigan State University (MSU) for a multi-year program involving 125 elementary and secondary teachers to train and promote STEM skills. The program will begin in the Chicago public school system and expand thereafter.

- **Partnership with First Book**

Goal: To get books in the hands of children who don't have access to them in the communities where we operate.

1. Wipro has partnered with First Book, a non-profit social enterprise, to provide new books to tens of thousands of children in need across five cities in the United States and Canada. Together, Wipro and First Book distributed 35,000 books to educators and program leaders in 2015, serving kids from low-income families in Jefferson City (Missouri), Atlanta, Houston, East Brunswick (New Jersey) and Edmonton, Canada. Wipro plans to continue the partnership in 2016.
