Adding and Dropping Classes

Students may add classes from November 7–January 13. After January 13, students may add classes only with the permission of the Associate Dean for Academic Affairs.

The last day to drop a course without a transcript notation is January 25.

Limited Enrollment Classes & Waitlists

You must submit an Electronic or Paper Course Registration form to Student Services to register for limited enrollment classes (identified as such in the schedule). Student Services will register students for these classes prioritized by each student's earned hours. Students should submit the Course Registration form to Student Services on the day of their priority registration. Waitlisting for these classes will be prioritized by each student's earned credits. Student Services will notify by e-mail all students who have requested registration in these classes to let them know whether they are registered or waitlisted. If you do not see your registration on [Howdy](#), check your law school e-mail (@email.tamu.edu) or contact Student Services to inquire about your waitlist status.

Important message about waitlists: If you are waitlisted for a class, you must submit a course drop form to be removed from that waitlist. If a seat becomes available at any time and you have not submitted a course drop form, you will be registered for that class accordingly. If a seat becomes available and we cannot register you due to a time conflict or overload, and we cannot reach you, we will move to the next person on the waitlist. Please monitor your e-mail frequently if you are on a waitlist.

Enrollment Limits and Enrollment Certification

Full-time students may take 13 to 16 credit hours. Part-time students may take 8 to 12 credit hours. The Associate Dean for Academic Affairs must approve requests for overloads and underloads. Such requests are granted only under exceptional circumstances. Students must enroll in a minimum of six credits to be eligible for financial aid.

Students who work more than 20 hours a week may take no more than 12 credit hours, including non-classroom courses such as externship, moot court, and law review. Students enrolled in more than 12 credit hours must certify that they are not employed more than 20 hours per week. Full-time students who increase employment hours to more than 20 hours per week during the term must decrease their academic load to part time.

Distance Education Learning (online)

A student may not earn more than a total of 15 credit hours toward the J.D. degree for approved distance education courses. All distance education courses have a prerequisite of 28 completed credit hours in addition to any other prerequisite.

Students are expected to know how to manage computer issues and to have reliable technologies to fulfill course requirements. An up-to-date PC or Mac-based computer with access to high-speed internet is required.

Courses delivered online may be either synchronous or asynchronous. Synchronous online classes require students and instructors to be online at the same time. Lectures, discussions, chats, etc. occur at a specific time. All students must be online at that specific hour in order to participate.

With asynchronous online courses, lectures, assignments, and other materials are posted online and students may access the material at any time, although the instructor generally sets a definite time period in which students may participate in each online class.

Hybrid courses (also known as blended courses) include both face-to-face classroom meetings and an online component. The online component may be either synchronous or asynchronous.

Independent Study

Independent Study is a one-credit course graded on a pass/fail basis. To receive credit, the student must spend at least 60 hours during the semester in which the student enrolls in Independent Study. Students are responsible for keeping a log of their hours and submitting the log to the supervising faculty member at the end of the semester.

A student may satisfy an independent study by researching and writing a paper of at least 10 pages or reading materials assigned by the sponsoring faculty member. A student may earn no more than two credits through Independent Study.

Students may not enroll in an Independent Study without the consent of a faculty sponsor, who must be a full-time faculty member. The associate Dean for Academic Affairs may approve Independent Study

credit with an adjunct faculty member if a full-time faculty member acts as a co-sponsor for the student and reviews the student's work product.

Changing Status (Part-Time or Full Time)

Students who have not completed their lockstep courses may change status only under the conditions set out in Academic Standard 11.1. *Students who have completed their lockstep classes may change status only with the approval of the Associate Dean for Academic Affairs.*

Cancellation of Classes

Classes may be cancelled for low enrollment. This decision is made by the Associate Dean of Academic Affairs.

Pass/Fail Election

You must designate the election of the pass/fail option by submitting an [Electronic](#) or [Paper](#) Pass/Fail Request Form to Student Services no later than Friday, January 20, 2017. You will not be able to elect the pass/fail option when you register online. You must obtain the pass/fail election form from Student Services or the law school web site and submit the completed form to Student Services. To preserve anonymity, students must not communicate a pass/fail election to the professor.

A student may not elect to take a lockstep course, a required course, a course taken to satisfy a rigorous writing requirement, a course taken to satisfy the upper-level oral skills requirement, or a course taken to satisfy the requirements for a certificate program on a Pass/Fail basis, unless the course is offered only on a Pass/Fail basis.

Student Services must first verify your eligibility for pass/fail credit. Please review section 8.5 of the law school's Academic Standards found in the [2016-2017 Student Handbook](#) for rules and limitations on pass/fail credits.

For students who began law school in or before 2014, no more than 12 credit hours earned in classes graded on a pass/fail basis may be counted toward the total number of hours required for graduation. Transfer credits are not included in this limit, nor are credits earned for retaking a failed course. Elective classes may comprise not more than 7 credit hours of the maximum 12 credit hours graded as pass/fail. Students may not earn more than 6 pass/fail credit hours in any one activity, such as law review, externship, law clinic, or moot court. Seminars, if taken to satisfy the rigorous writing requirement, may not be taken pass/fail.

Students who began law school in 2015 or later may count up to 18 credit hours earned in courses graded on a pass-fail basis towards the total numbers of hours required for graduation and, within those 18 hours, may elect to take up to 3 credit hours of letter-graded courses pass-fail. To receive a P in these elected courses, student will need to receive a C or better. A student who receives below a C will receive the actual grade earned. This does not apply to courses graded only pass/fail.

Attendance Policy

Students on academic probation or academic warning who exceed 15% of the regularly scheduled class meetings (including make-ups) will be administratively withdrawn and receive no credit for the class. Students not currently on academic probation or academic warning who exceed 25% of the regularly scheduled class meetings (including make-ups) will be administratively withdrawn and receive no credit for the class. CONCENTRATION PROGRAMS

A Concentration is a specialized course of study analogous, in part, to a major in college. Earning a concentration is an official acknowledgment, and a representation to employers, that a student has developed a certain expertise in a particular area of the law.

Certificates of Concentration will be available to students immediately once they have satisfied the requirements for either program. Generally, each concentration requires a particular grade point average in at least 16 hours of related, qualifying courses. In addition, there is a skills requirement, as well as a writing requirement for each of the concentrations. Questions about the law school's concentrations, including the course requirements for each, should be directed to the faculty supervisor for the particular concentration:

Business Law Concentration	Prof. William Magnuson
Dispute Resolution Concentration	Prof. Peter Reilly or Dean Cynthia Alkon
Estate Planning Concentration	Prof. Terri Helge
