

## LAW SCHOOL APPLICATION FOR INTELLECTUAL PROPERTY CONCENTRATION

Name \_\_\_\_\_ Student UIN # \_\_\_\_\_

E-mail \_\_\_\_\_ Phone # \_\_\_\_\_

### **Concentration Requirements**

Intellectual Property focuses on the legal aspects of protecting, producing and utilizing the products of innovation and creativity, which involves expertise in patents, copyrights, trademarks, trade secrets and similar topics. To earn a concentration in Intellectual Property, students must obtain a minimum of 16 credits in core and related courses. Students must achieve a minimum grade point average of 2.33 in each graded course used to satisfy the concentration requirements. Courses offered for a grade may not be taken pass/fail in satisfaction of the requirements. Although substitutions are generally not allowed, a substitution may be permitted in unusual circumstances. A student seeking a substitution should consult with faculty advisor [Professor Peter Yu](#).

Check only those courses you wish to apply toward the Concentration. The GPA calculated will be based on all courses selected.

#### **Core Courses (at least three required)**

- Copyright Law (3)
- Intellectual Property (2 to 3) (previously listed as Intellectual Property Law Survey)

\* Students may count only one of these courses toward the concentration requirements.

- Notes:**
1. Elective, Writing and Skills requirements must be satisfied with different courses.
  2. Class credit hours are subject to change. Please verify the number of credit hours for courses with Student Services or the current course schedule.
  3. Courses that count toward the skills requirement for this concentration do not necessarily count toward the upper-level oral skills course requirement for graduation.
  4. Subject to approval of the concentration advisor, students may satisfy the writing requirement with a paper substantially on intellectual property issues that complies with the rigorous writing standards as outlined in 3.4.1 of the Student Handbook.
