

FAQ: Graduate Law Student Registration

Students must have received UIN and set up TAMU email in order to register.

Select Location & Accept Terms of Use

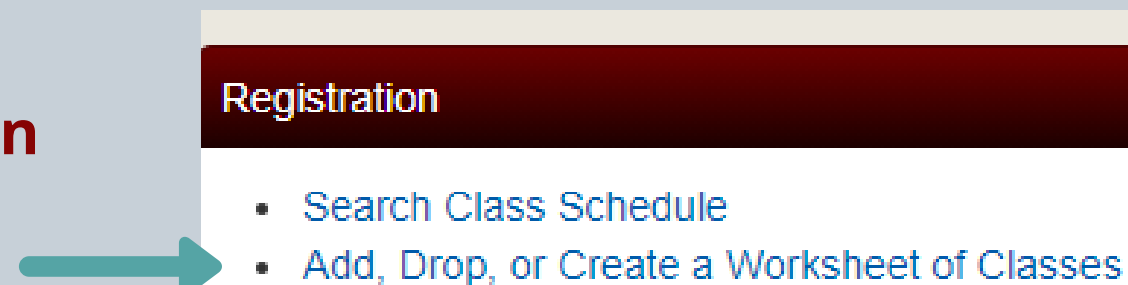

Each semester all students must log in to Howdy to accept the terms of use as well as designate their physical location. Registration cannot be processed until these tasks are completed.

In the Howdy portal, click on the "My Records" tab. Students will see a section entitled "Registration." Select "Accept Terms of Use" and complete as required. Make sure to select College Station with the appropriate semester. Next, select "Location Update." Students enter the information related to where they will physically reside for the semester.

Students can register in Howdy following steps below. If students plan to register for more than one LAW 689 course or experience trouble, students may use the [electronic registration form](#) to submit their request.

In the Howdy portal, click on the "My Records" tab. You will see a section entitled "Registration." Click on "Add, Drop, or Create a Worksheet of Classes."

Next, select "register for classes." You will be able to search for courses by subject (LAW) and CRNs. Please refer to the appropriate [graduate law schedule/ catalogue of courses](#) to find CRNs and pertinent course information.

When you find the appropriate course, you can check the box under "Select" as shown here:

Select	CRN	Subj	Crse	Sec	Cmp	Cred	Title
--------	-----	------	------	-----	-----	------	-------

Make sure to click "Submit" in order for your registration request to be processed.

Repeat those steps to add additional courses as needed, except if adding multiple LAW 689 courses. Students can register for only one LAW 689 course in the Howdy portal. Students will receive a "duplicate" error message if trying to register for more than one. In that case, students may use the [electronic registration form](#) to submit their request.
