REGISTRATION PROCEDURES

There are several ways to register. (We cannot take telephone or faxed registration requests.)

1. [Howdy \(click for link\)](#) Available under the My Records tab. (*This cannot be used for limited enrollment courses or courses requiring professor approval or Professional Responsibility.*) A registration tutorial can also be found there for your convenience.
2. [Electronic Registration Form. \(click for link\)](#) This form should be used for limited enrollment courses and courses requiring professor approval. It is available through the law school website Student Services page. If you choose to submit an electronic registration form for non-limited enrollment courses, please be aware that it could take up to 24-48 hours to process these forms.

Other Important Registration Rules

- You must register for limited enrollment courses and courses requiring professor approval electronically through the law school website Student Services page. Howdy registration is not available.
- Student Services will e-mail your @email.tamu.edu account if your registration request cannot be processed for any reason.

Adding and Dropping Classes

Students may add classes from March 30–August 21. After August 21, students may add classes only with the permission of the Associate Dean of Academic Affairs and a late fee may be assessed. The last day to drop a course is August 27.

Limited Enrollment Classes & Waitlists

You must submit an Electronic Course Registration form to Student Services to register for limited enrollment classes (identified as such in the schedule). Student Services will register students for these classes prioritized by each student's earned hours. Students should submit the Course Registration form to Student Services on the day of their priority registration. Waitlisting for these classes will be prioritized by each student's earned hours. Student Services will notify by e-mail all students who have requested registration in these classes to let them know whether they are registered or waitlisted. If you do not see your registration on [Howdy](#), check your law school e-mail or contact Student Services to inquire about your waitlist status.

Important message about waitlists: If you are waitlisted for a class, you must submit a course drop form to be removed from that waitlist. If a seat becomes available at any time and you have not submitted a course drop form, you will be registered for that class accordingly. If a seat becomes available and we cannot register you due to a time conflict or overload, and we cannot reach you, we will move to the next person on the waitlist. Please monitor your e-mail frequently if you are on a waitlist.

Enrollment Limits and Enrollment Certification

Full-time students may take 13 to 16.5 credit hours. Part-time students may take 8 to 12.5 credit hours. The Associate Dean of Academic Affairs must approve requests for overloads and underloads. Such requests are granted only under exceptional circumstances. Students must enroll in a minimum of six credits to be eligible for financial aid.

Students who work more than 20 hours a week may take no more than 12.5 credit hours, including non-classroom courses such as externship, moot court, and law review. Students enrolled in more than 12.5 credit hours must certify that they are not employed more than 20 hours per week. Full-time students who increase employment hours to more than 20 hours per week during the term must decrease their academic load to part time.

Clinic Applications and Registration

Students can find applications for each clinic on the law school's [Clinic webpage](#). Clinic applications are reviewed throughout the year and students are accepted during the registration period on a rolling basis. Priority is given to applications received by May 1. Students are encouraged to apply as early as possible in order to secure a seat in the clinic of their choice for the semester they would like. Students who are admitted to a clinic will be notified and enrolled by the Clinical Program Office. Students are advised to review the [Clinic Registration & Application Information Packet](#). Questions about the clinics or the application process can be answered by emailing experiential@law.tamu.edu.

Clinic enrollment requires that students complete or concurrently enroll in Professional Responsibility. Students who have not completed Professional Responsibility and are not registered for the class, will be automatically enrolled by Student Services. You may need to drop another course if there is a conflict.

Students interested in continuing their clinic experience may enroll in Advanced Clinic, a second semester two to four-credit clinic, with the consent of the clinic faculty member. The Advanced Clinic course is eligible for experiential credit. The Advanced Clinic requires a classroom component as well. Please refer to the course listing for the classes which are held on selected Fridays. Continuing clinic is also offered for class credit for a student wanting to continue a second semester in a clinic, but does not give the student experiential credit.

Please note:

- You can find information about each clinic at www.law.tamu.edu/clinics.
- Most clinical courses meet in the Clinical Program Office located in the Star-Telegram Building at 307 W. 7th Street, Fort Worth, Texas. It is a 0.6 mile walk from the Law School building to the clinical space.
- All 3 and 4 unit clinic courses require that students spend a minimum of 6-8 hours per week at the clinical space.
- Per our Academic Standards, students are expected to submit logs of their time to their supervising attorneys to receive credit. Your instructor will provide you with direction of how to keep track of your time.
- In order to provide all of our students with a clinical opportunity, you cannot enroll in more than one clinic in any one semester without the consent of the Associate Dean for Experiential Education.
- To avoid conflicts of interests, you may not enroll in an externship and a clinic in the same semester. Limited exceptions can be granted by the Associate Dean for Experiential Education if no actual or potential conflicts exists and the clinic director consents.

- If you plan to work in a law firm, government agency, or other unit engaged in providing legal services during the semester, you must disclose the employer's information so the clinical program can determine if there are any conflicts that prevent the student from enrolling in the clinic. A student enrolled in a clinic is required to report any employment or internship to both their clinic director and the Associate Dean for Experiential Education.
- Once a student is admitted to a clinic, the student must commit to **attend a mandatory clinic orientation the first Friday of the semester from 12:00 p.m. to 4:00 p.m.**
- **Students will not be allowed to drop clinics after the full first week of the semester.**
- Unless a special accommodation is necessary, free student parking is not available in the clinic space. The cost to valet in the Star-Telegram Building is \$10. There is additional parking in the area that ranges from \$6 to \$10. Street metered parking is available on a first-come, first-served basis.

Change of Clinic Credit Hours

- The default number of credits students will receive for clinics is generally four credit hours. Students must petition for additional credit hours when they apply for a clinic. If a student wants five or six credit hours, they must petition the clinic director and obtain their written consent for additional credit hours. A clinic director will approve additional hours only when the clinic has enough work that the clinic director and supervising attorneys are able to supervise. Unless a course has been cancelled, changes in the number of credit hours will not be allowed after the first day of class.

Externship Applications and Registration

There are opportunities part-time and full-time, both locally and nationally. Students can obtain a part-time placement in any field of practice and a residency (full-time) placement in any field of practice (excluding those in law firms) or can specialize in public policy. Please visit the [Externship website](#) page for additional information about externships.

Part-time Externship. Students registering for their first externship experience will enroll in the Externship course and attend the corresponding seminar. Students registering for a second externship will register for Externship II and participate in both group and individual meetings with their faculty supervisor.

- [Application Required.](#) Deadline to apply for part-time fall externships: August 1. Students interested must apply by deadline even if placement is not confirmed.
- Prerequisites: At least 29 completed hours; minimum 2.33 GPA; no honor code violations.
- This is a Pass/Fail course.
- This course counts toward the experiential requirement.
- Mandatory Orientation on Friday, August 20, from 12:00-4:00 p.m. (For first-time externships)

Residency Externships: Application and professor approval required before enrollment. Please visit the [Externship website](#) page for additional information regarding prerequisites, deadlines and course requirements for the Public Policy or Semester-in Practice programs.

Distance Education Learning (online)

A student may not earn more than a total of 30 credit hours toward the J.D. degree for approved distance education courses. All distance education courses have a prerequisite of one year in law school in the full-time or part-time program in addition to any other prerequisite.

Students are expected to meet basic technology requirements to successfully participate in an online course. Failure to meet these requirements may result in problems accessing the course materials. It is the student's responsibility to ensure all requirements are met prior to the start of the course. Students are expected to know how to manage computer issues and to have reliable technologies to fulfill course requirements. An up-to-date PC or Mac-based computer, a working webcam, and access to high-speed internet is required. Please see the University's [minimum computer requirements](#) for more information.

Courses delivered online may be either synchronous or asynchronous. Synchronous online classes require students and instructors to be online at the same time. Lectures, discussions, chats, etc. occur at a specific time. All students must be online at that specific hour in order to participate.

With asynchronous online courses, lectures, assignments, and other materials are posted online and students may access the material at any time, although the instructor generally sets a definite time period in which students may participate in each online class.

Hybrid courses (also known as blended courses) include both face-to-face classroom meetings and an online component. The online component may be either synchronous or asynchronous.

Independent Study

Independent Study is a one-credit course graded on a pass/fail basis. To receive credit, the student must spend at least 60 hours during the semester in which the student enrolls in Independent Study. Students are responsible for keeping a log of their hours and submitting the log to the supervising faculty member at the end of the semester.

A student may satisfy an independent study by researching and writing a paper of at least 10 pages or reading materials assigned by the sponsoring faculty member. Assigned readings must relate to a particular theme, and the student must produce either a single descriptive paper illustrating a thorough understanding of the subject or a series of papers summarizing the contents of the assigned reading materials. A student may earn no more than two credits through Independent Study.

Students may not enroll in an Independent Study without the consent of a faculty sponsor, who must be a full-time faculty member. The Associate Dean of Academic Affairs may approve Independent Study credit with an adjunct faculty member if a full-time faculty member acts as a co-sponsor for the student and reviews the student's work product.

Changing Status (Part-Time or Full Time)

Students who have not completed their lockstep courses may change status only under the conditions set out in Academic Standard 11.1 found in the [Student Handbook](#). *Students who have completed their lockstep classes may change status only with the approval of the Associate Dean of Academic Affairs before registration for the semester or session in which the change would be effective.*

Cancellation of Classes

Classes may be cancelled for low enrollment. This decision is made by the Associate Dean of Academic Affairs.

Pass/Fail Election

You must designate the election of the pass/fail option by submitting an [Electronic](#) or [Paper](#) Pass/Fail Request Form to Student Services **no later than Friday, August 27, 2020**. You will not be able to elect the pass/fail option when you register online. You must obtain the pass/fail election form from Student Services or the law school web site and submit the completed form to Student Services. To preserve anonymity, students must not communicate a pass/fail election to the professor.

A student may not elect to take a lockstep course, a required course, a course taken to satisfy a rigorous writing requirement, a course taken to satisfy the upper-level experiential requirement, or a course taken to satisfy the requirements for a certificate program on a pass/fail basis, unless the course is offered only on a pass/fail basis.

Student Services must first verify your eligibility for pass/fail credit. Please review section 8.5 of the law school's Academic Standards found in the [Student Handbook](#) for rules and limitations on pass/fail credits.

Students may count up to 18 credit hours earned in courses graded on a pass-fail basis towards the total numbers of hours required for graduation and, within those 18 hours, may elect to take up to 3 credit hours of letter-graded courses pass-fail. To receive a P in these elected courses, student will need to receive a C or better. A student who receives below a C will receive the actual grade earned. This does not apply to courses graded only pass/fail. Please note that courses graded on a pass/fail basis in spring 2020 are not included in the overall limit on pass/fail hours.

Attendance Policy

The Law School requires regular and punctual class attendance by all students in all courses taken for credit. Students are expected to adhere to the attendance requirements set forth in Section 5.2 in the [Student Handbook](#) for lockstep courses, law clinics, externships and condensed format classes. For all other classes, a faculty member may adopt a more specific attendance requirement by communicating that requirement, including any potential penalties for failing to regularly and punctually attend class, in writing in the course syllabus which will be provided to students no later than the first day of classes.

Class work is essential to the educational program at the Law School, and student participation is expected in all courses. The expectation for class participation of students is separate and independent from attendance. Thus, faculty have the discretion to impose grade reduction or other appropriate sanctions for failing to meaningfully participate in classroom work.

Lockstep courses: Students not currently on academic probation or academic warning who exceed 25% of the regularly scheduled class meetings (including make-ups) in lockstep courses will be administratively withdrawn and receive no credit for the class. Students on academic probation or academic warning who exceed 15% of the regularly scheduled class meetings (including make-ups) in lockstep courses will be administratively withdrawn and receive no credit for the class. Any student withdrawn from a lockstep course will also be withdrawn from law school, pursuant to Academic Standards found in the [Student Handbook](#), and must petition the Academic Standards Committee, under standard 9.6 found in the [Student Handbook](#), for permission to continue in law school.

Clinics & Externships: All clinic and externship seminars require regular attendance in a classroom component which will meet every week for 12 weeks during the semester. Students enrolled in a 12-week clinic that meets twice per week may not miss more than 3 seminar classes. Once a student has missed more than 3 classes, they will be withdrawn from the clinic and a failing grade will be issued. Students enrolled in a 12-week clinic or externship that meets once per week may not miss more than 2 seminar classes. Once a student has missed more than 2 classes they will be withdrawn from the clinic or externship and a failing grade will be issued. Law clinics may have office attendance requirements in addition to classroom attendance requirements.

Condensed Format Courses: Special attendance requirements for condensed format courses are explained in the description of the courses to which they apply. Due to the collaborative and condensed nature of winter term courses, courses meeting during the week prior to the start of the fall semester, and courses scheduled for five or fewer total class meetings during the fall, spring or summer terms, regular and punctual attendance for all class meetings is mandatory. A student who is absent in a condensed format course for any reason will be withdrawn from that course, will have a W entered on his or her transcript, and will not receive credit for the course.

Official days and times for make-ups for cancelled classes:

All day classes	Monday-Friday	12:00 noon
-----------------	---------------	------------

All evening classes

Friday evening

These are the official make-up times. An absence from a make-up scheduled during the official make-up time IS counted toward the maximum number of allowable absences for the class. An absence from a make-up scheduled at a time other than the official make-up time IS NOT counted.

Tuition and Fee Refund Policy

The tuition and refund policy can be found on the Current Students page of the law school website.

Click [here](#) to view the policy. Please contact Student Business Services at 817-212-4081 with any additional questions.

CREDIT HOUR POLICY

A complete copy of the law school's [credit hour policy](#) is available on the law school's website. The following excerpt summarizes the relevant provisions of the credit hour policy for this term.

The Law School adheres to the federal¹ and ABA² definitions of a credit hour. ABA Standard 310(b) provides:

A "credit hour" is an amount of work that reasonably approximates:

- (1) not less than one hour of classroom or direct faculty instruction³ and two hours of out-of-class student work⁴ per week for fifteen weeks, or the equivalent amount of work over a different amount of time; or
- (2) at least an equivalent amount of work as required in subparagraph (1) of this definition for other academic activities as established by the institution, including simulation, field placement, clinical, co-curricular, and other academic work leading to the award of credit hours.⁵

The academic calendar at the Law School includes two fifteen-week semesters, the fall and spring terms, each of which includes a one week reading period/break from classes, and a two-week examination period. The summer term includes one seven week class session and a one-week examination period. The winter session is a one-week term with an examination, paper or project.

Credit for Classroom Instruction

Students are required to complete 90 credit hours to graduate. Each hour of classroom credit is based on at least 50 minutes of direct faculty instruction. For each credit hour of classroom instruction, students shall spend, on average, a minimum of 2 hours (based on a 60-minute hour) on out-of-class work during the semester. Clinics and externship hours are calculated differently. See below for further explanation on the credit hour policy for clinics and externships.

Fall and Spring Terms

A four-credit course will ordinarily meet for 240 minutes, or 4 hours, each week for 12 weeks, followed by an examination period. Students are expected to spend, on average, a minimum of 560 minutes, or 9.3 hours, on out-of-class work per week during the semester.

A three-credit course will ordinarily meet for 180 minutes, or 3 hours, each week, followed by an examination period. Students are expected to spend, on average, a minimum of 420 minutes, or 7 hours, of out-of-class work per week during the semester.

A two-credit course will ordinarily meet for 120 minutes, or 2 hours, each week, followed by an examination period. Students are expected to spend, on average, a minimum of 280 minutes, or 4.7 hours, on out-of-class work per week during the semester. Clinics and externship hours are calculated differently.

¹ 34 C.F.R. § 600.2 (2015), Regulations of the Offices of the Department of Education

² ABA Standards and Rules of Procedure for Approval of Law Schools (2018-2019), Standard 310(b)

³ "...fifty minutes suffices for one hour of classroom or direct faculty instruction." Interpretation 310-1, ABA Standards and Rules of Procedure for Approval of Law Schools (2018-2019).

⁴ "An 'hour' for out-of-class student work is sixty minutes." Interpretation 310-1, ABA Standards and Rules of Procedure for Approval of Law Schools (2018-2019).

⁵ ABA Standards and Rules of Procedure for Approval of Law Schools (2018-2019), Standard 310(b)

A one-credit course will ordinarily meet for 60 minutes, or one hour, each week, followed by an examination period. Students are expected to spend, on average, a minimum of 140 minutes, or 2.3 hours, on out-of-class work per week during the semester.

If a class does not meet every week or does not have an examination, an equivalent amount of time will be allocated during the term to direct classroom instruction and student out-of-class work per week.

For distance education classes, students are expected to spend an equivalent amount of time for direct classroom instruction on activities involving course instruction – attending synchronous class sessions, viewing class lectures, completing and reading discussion board posts, completing weekly assessments and attending weekly office hours. In addition, for each credit hour of course instruction, students shall spend, on average, a minimum of 2 hours (based on a 60-minute hour) on out-of-class work during the semester, such as completing assigned readings, reviewing class notes, studying for any quizzes and exams and completing any written projects or assignments.

Credit for Clinics and Externships

Each Law School clinic and externship placement includes a classroom component. The amount and level of credit awarded in each clinic or externship placement depends on the amount of time allocated to the classroom component and to student clinical and extern work. Depending on the clinic or extern placement, students will spend at least 42.5 hours in and out-of-class during the term for each hour of academic credit earned. In addition, students enrolling in a clinic or externship for the first time must attend a required orientation. Students are responsible for keeping a log of their hours for review by a faculty member at the end of each semester.

Clinics

Students enrolled in a clinic for the first time are required to attend weekly class sessions as set forth in the chart below and must devote, on average, a minimum of the following hours of out-of-class work per week over a twelve-week semester.

# of Credits	Class Meeting Hours	Out-of-Class Work
2	2 hours per week	5 hours per week
3	2 hours per week	8.5 hours per week
4	2 hours per week Patent Clinic and Probate & Estate Planning Clinic Only	12 hours per week Patent Clinic and Probate & Estate Planning Clinic Only
4	3 hours per week	11 hours per week
5	3 hours per week	14.5 hours per week
6	3 hours per week	18 hours per week

Clinic Credit Hours for Advanced Clinic Students

Students who have completed one semester of a clinic may continue in that same clinic for a subsequent semester for experiential credit. They may do so for two, three, or four credits, with the consent of the clinic instructor. The number of credits is to be determined by the student and their instructor. All advanced clinic students are required to attend six one-hour class sessions scheduled throughout the semester and to contribute to clinic orientation. Students enrolling as an advanced clinic student must devote the following hours of out-of-class work per week, over a twelve-week semester:

<u>No. of Credits</u>	<u>Out-of-class work</u>
2 credits	7 hours
3 credits	10.5 hours
4 credits	14 hours

Clinic Credit Hours for Continuing Clinic Students

Students who want to continue in a clinic for second or third semester for non-experiential credit may do so for two, three, or four credits with the consent of the clinic instructor. The number of credits is to be determined by the student and their instructor. Students enrolling as a continuing clinic student must devote the following time below to their office hours each week over a twelve-week semester:

<u>No. of Credits</u>	<u>Office hours work</u>
2 credits	7 hours
3 credits	10.5 hours
4 credits	14 hours

Pro bono for clinic work

Clinic attorney supervisors may approve pro bono credit for students who have completed all clinical hour requirements for that semester, including practice management assignments. Clinic attorneys will only sign off on hours after the student has completed all end of semester time and activity entries in CLIO, organized the case file, and completed all the required correspondence and memoranda to close or transfer a case.

To obtain pro bono credit, students must present a description of the client work and the hours of pro bono credit they are seeking to the supervising attorney before the first day of the new semester following the completion of the client work. This work can be described in the form the faculty must sign off on for pro bono credit.

For example, fall semester clinic students must close out their work, complete all law practice management tasks, and meet with their supervising attorney regarding their fall semester work prior to doing any work that would be considered for pro bono. Any client work completed after the fall clinic course work is satisfied, could be counted toward pro bono if the clinic supervising attorney consents. The clinic supervising attorney must agree and sign off on the completed pro bono form, which is the student's responsibility to submit for signature before the spring semester begins.

Change of Clinic Credit Hours

The default number of credits students will receive for clinics is generally four credit hours. Students must petition for additional credit hours when they apply for a clinic. If a student wants five or six credit hours, they must petition the clinic director and obtain their written consent for additional credit hours. A clinic director will approve additional hours only when the clinic has enough work that the clinic director and supervising attorneys are able to supervise. Unless a course has been cancelled, changes in the number of credit hours will not be allowed after the first day of class.

Externships

Students enrolled in externships for the first time must attend a seminar. Students enrolled in externships for a second time must attend individual and group meetings led by the Externship Program Director. Students enrolled in Residency Externship-Public Policy attend a corresponding seminar. Please see registration materials for the externship seminar or meeting schedule.

Students enrolled in an externship must devote, on average, the following hours of out-of-class work for the externship placement per week:

<u>No. of Credits</u>	<u>Hours at Placement</u>
-----------------------	---------------------------

2 credits	8 hours (over 10 weeks)
3 credits	12 hours (over 10 weeks)
4 credits	16 hours (over 10 weeks)
9 credits	34 hours (over 12 weeks)
10 credits	37.5 hours (over 12 weeks)
11 credits	35 hours (over 14 weeks)
12 credits	38.5 hours (over 14 weeks)

Travel time does not count for hours. Academic credit is awarded on a pass/fail basis.

Credit for Independent Study

Students enrolled in Independent Study are eligible to receive one hour of academic credit for performing at least 60 hours on the assignment during the term in which the student is enrolled. Students are responsible for keeping a log of their hours and submitting the log to the supervising faculty member at the end of the semester. Academic credit is awarded on a pass/fail basis.

Credit for Student-Edited Law Journals

Student members of law journals are eligible to receive one hour of academic credit per semester for performing at least 50 hours of academically-related work, which may include editing and cite-checking articles, and reading and evaluating journal submissions. The student members must also complete a note or comment. Students on the board of editors who are performing editorial functions for the law journals are eligible to receive up to two credits per semester for performing at least 100 hours of academically-related work. Students are responsible for keeping a log of their hours for review by the faculty advisor of the journal at the end of each semester. Academic credit is awarded on a pass/fail basis.

Credit for Moot Court, Mock Trial, and ADR Competitions

Depending on the competition, students who participate in Mock Trial, Moot Court and ADR competitions are eligible to receive up to two hours academic credit per semester for each 45 hours of academically-related work, including brief writing, appellate advocacy, trial advocacy, negotiation, mediation, or arbitration (and excluding time to travel to competitions). Students are responsible for keeping a log of their hours for review by a faculty member at the end of each semester. Academic credit is awarded on a pass/fail basis.

Credit for Teaching Assistants

Students who serve as teaching assistants in the Academic Support Program, the Legal Writing Program, or the Professional Identity Program are eligible to receive one hour of academic credit per semester for performing at least 50 hours of academically-related work, including mentoring students in study skills, time management, exam preparation, legal writing, or other critical academic skills. Students are responsible for keeping a log of their hours for review by a faculty member at the end of each semester. Academic credit is awarded on a pass/fail basis.

JURIS DOCTOR REQUIREMENTS

J.D. students are advised to consult the [Student Handbook](#) for the applicable academic standards governing the students' graduation requirements at the law school. The following summary provides guidance to students based on the requirements set forth in the Student Handbook, but is not a substitute for the official requirements contained in the Student Handbook.

No required courses may be elected as pass/fail.

Lockstep Classes

The lockstep courses are: ADR Survey; Civil Procedure; Contracts; Criminal Law; LARW I & II; Legislation & Regulation; Professional Identity; Property; and Torts. Please see the [Student Handbook](#) for a more detailed explanation of the sequence of the lockstep curriculum.

Upper Level Requirements for Graduation

Students must successfully complete these upper-level courses during their second year of law school and before graduation:

- Constitutional Law
- Professional Responsibility

In addition, students must successfully complete a LARW III course before graduation.

Important Note on Upper Level Course Rotations:

For course rotations and to assist in your academic planning, please review "[Planning Your Course of Study](#)," available on the law school website. CONCENTRATIONS

A concentration is a specialized course of study analogous, in part, to a major in college. Earning a concentration is an official acknowledgment, and a representation to employers, that a student has developed a certain expertise in a particular area of the law.

Certificates of concentration will be available to students once they have satisfied the requirements for the applicable concentration program. Generally, each concentration requires a grade point average of at least 2.33 in at least 14-16 hours of related, qualifying courses. Questions about the law school's concentrations, including the course requirements for each, should be directed to the faculty supervisor for the particular concentration:

Business Law	Prof. William Magnuson
Criminal Law, Justice, & Policy	Prof. Cynthia Alkon
Dispute Resolution	Prof. Nancy Welsh
Energy Law	Prof. Gabriel Eckstein
Environmental Law	Prof. Gabriel Eckstein
Estate Planning	Prof. Terri Helge
Family Law	Prof. Celestina Contreras Flores
Intellectual Property	Prof. Peter Yu
Public Policy	Prof. Charlotte Ku
Tax Law	Prof. Gary Lucas

COMMUNITY DEVELOPMENT & ENTREPRENEURSHIP LAW CLINIC (SPECIAL TOPICS)

LAW-7900-601

CRN 48030

4-6 Credits

Professor: Herrera

Students in the Community Development and Entrepreneurship Law Clinic help clients choose, form, and operate their businesses and nonprofits. Students will be assigned actual clients with real-world business interests to represent. Your work may involve sole proprietorships, partnerships, corporations, nonprofit organizations, or LLCs, with needs ranging from formation to effective operation, depending on the needs of your clients. The Community Development and Entrepreneurship Law Clinic offers students interested in entrepreneurship, housing, and community advocacy an opportunity to work on a range of legal issues that impact community viability. Students in this clinic will learn:

- client interviewing;
- counseling clients about choice of entity and structuring considerations;
- preparing entity formation and governance documents (such as certificate of formation, bylaws, and operating agreements);
- preparing memoranda and letters to clients regarding the maintenance and operation of their new entities;
- drafting contracts, such as confidentiality agreements, non-disclosure agreements, and employment or independent contractor agreements;
- managing client files throughout using law practice management software of the sort common to law firms;
- strategic planning; and
- community legal education.

Your client work will be supervised and written work product reviewed by one or more attorneys, each with years of experience forming and operating of business entities. You will be introduced to and work with the same materials these attorneys use in daily life, develop the oral and written skills needed for effective client work, collaborate with your colleagues, and enjoy multiple opportunities for feedback along the way.

Prerequisite: Professional Responsibility (may be taken concurrently)

DISPUTE RESOLUTION SKILLS CROSS TRAINING (SPECIAL TOPICS)

LAW-7900-602

CRN 47397

3 credits

Professor: Ladhani & Wright

This course is tailored to prepare students participating in ADR competitions and developing related professional skills. Thus, the course introduces the principles of ADR and then focuses on dispute resolution skills that are common across all of the processes in the Client Counseling, Negotiation, Mediation Representation, and Securities ADR competitions (in-person and online) and in a legal career. Such skills include client preparation, persuasive speaking (with very different audiences – e.g., the client, opposing counsel, a mediator, an arbitrator, or an arbitral panel), questioning, reflective listening, listening for interests, and creative problem-solving. The coaches for individual ADR competitions will supplement these skills with process-specific education and training.

Prerequisite: Professor approval required.

HOUSING LAW & POLICY SEMINAR (SPECIAL TOPICS)

LAW-7900-603

CRN 47400

LARW III: ADR DRAFTING (SPECIAL TOPICS)

LAW-7900-606

CRN 48027

2 credits

Professor: Washington

The ADR processes of client counseling, negotiation, mediation and arbitration involve many written products: letters to clients, demand letters to opposing counsel, memos to the file, settlement agreements, contracts with experts or e-discovery consultants, mediation submissions, and memoranda in support of motions made during arbitration. This course will use a single case scenario to explore the natural steps involved when counseling a new client, attempting to settle the case through negotiation and then mediation and, when necessary, proceeding to adjudicate in arbitration. The course will develop students' skill in writing for very different audiences – clients, opposing counsel, mediators, and arbitrators. There will also be multiple opportunities to be evaluated.

Prerequisite: One year of law school in the full-time or part-time program.

This course will discuss this topic in the context of the Securities and Exchange Commission (SEC), the Department of Justice (DOJ), state regulators, self-regulatory organizations, and private securities plaintiffs. Topics will include: the definition of a security; the general statutory framework governing enforcement actions; how the SEC investigates to ensure compliance; financial reporting and the role of gatekeepers; insider trading policies and prevention; specialized areas of special compliance concern; compliance in a highly regulated entity; compliance and risk management; the role of private securities class action/derivative litigation. Students are required to conduct an investigatory interview of the type that would be required in an internal or government investigation when a suspected compliance issue arises.

GLOBAL LAWYERING

COMPARATIVE CRIMINAL LAW PRACTICES: ICELAND

LAW-7830-601

CRN 47454

1.5 Credit

Professors: Alkon & Penrose

Students are invited to join Professors Alkon and Penrose in studying comparative criminal law practices between the United States and Iceland. This class will discuss the similarities and differences between Icelandic criminal law practice and our own. The topics may include: differing law enforcement practices; differing or similar roles for prosecutors; the role and availability of defense lawyers; rehabilitation v. punishment in criminal sentencing practices; use of restorative justice; and the impact of racism in a diverse society v. practices in a more homogenous country. In addition, we anticipate discussing the different approaches to legal reform, including Iceland's recent inclusive efforts to write a new Constitution. The Black Lives Matter movement in the United States includes calls for systemic legal reform that share some commonality with the constitutional process in Iceland—including street protests. We will evaluate the distinctions, trying to discern if there are Icelandic practices that might be useful models for reform in the United States.

Prerequisite: No open registration. This course is a continuation of the Spring 2021 Global Lawyering course. Professor approval required.

Schedule: Sept 9 from 1:00-4:15 p.m. Additional dates TBA.

Attendance requirements: Students must attend the entire classroom component to earn credit in the course. **An absence for any reason will result in administrative withdrawal from the course.**

DISTANCE EDUCATION (ONLINE) COURSES

Normally, a student may not earn more than a total of 30 credit hours toward the J.D. degree for approved distance education courses. The Law School received a variance from this distance education limitation in 2020-2021 due to the global pandemic. Under this variance, none of the distance education courses offered in the 2020-2021 academic year count towards a student's 30 credit hour limitation on distance education. All distance education courses have a prerequisite of one year in law school in the full-time or part-time program in addition to any other prerequisite.

Students are expected to meet [basic technology requirements](#) to successfully participate in an online course. Failure to meet these requirements may result in problems accessing the course materials. It is the student's responsibility to ensure all requirements are met prior to the start of the course.

The following classes will be delivered online asynchronously. With asynchronous online courses, lectures, assignments, and other materials are posted online and students may access the material at any time, although the instructor generally sets a definite time period in which students may participate in each online class.

Attendance requirements: All asynchronous distance education course activities run on a weekly schedule determined by the professor. Students have weekly deadlines to turn in assignments and to post in discussion boards. Students who have viewed each lecture in its entirety and met these weekly deadlines are counted as present. For courses that meet over seven weeks, students may miss no more than 1 weekly requirement (e.g. view each lecture in its entirety, participate substantively in the discussion boards, and submit weekly assignments) for completion of the course. For courses that meet over twelve weeks, students may miss no more than 2 weekly requirements (e.g. view each lecture in its entirety, participate substantively in the discussion boards, and submit weekly assignments) for completion of the course. Students with excessive absences will be withdrawn from the course and receive no credit. Please note failure to complete weekly requirements by the applicable deadline may also result in a grade penalty on the assignment, such as a grade reduction, loss of points or a zero on the assignment, as determined by the professor.

PREPARING FOR THE BAR EXAM

LAW-7458-701

CRN 48016

3 Credits

Professor: Farkas

Overview of the contents of the bar exam; critical skills and strategies necessary for success on each day of the exam; covers selections from several MBE and essay-tested subjects; simulation of portions of the bar exam with performance feedback.

Prerequisites: Must be in the last semester of law school.

The following classes will be delivered online synchronously. Students must be able to attend synchronous online sessions on the designated day(s) and time. In addition, the course may include asynchronous content such as lectures, assignments, and other materials that are posted online. In general, students may access the asynchronous material at any time, although the instructor generally sets a definite time period in which students may participate in each online class.

Attendance requirements: All synchronous distance education course activities run on a weekly schedule determined by the professor. In addition to synchronous online sessions, students may be required to view recorded lectures or

other materials, and may have weekly deadlines to turn in assignments and to post in discussion boards. Students who participate in the online weekly synchronous sessions and met these weekly deadlines are counted as present. For a class that meets synchronously for six to eight sessions, students may miss no more than 1 weekly requirement (e.g. participate in the weekly synchronous online session, participate substantively in the discussion boards, and submit weekly assignments) for completion of the course. • For a class that meets synchronously once per week for 12 weeks, students may miss no more than 2 weekly requirements (e.g. participate in the weekly synchronous online session, participate substantively in the discussion boards, and submit weekly assignments) for completion of the course. Students with excessive absences will be withdrawn from the course and receive no credit. Please note failure to complete weekly requirements by the applicable deadline may also result in a grade penalty on the assignment, such as a grade reduction, loss of points or a zero on the assignment, as determined by the professor.

Take-Home Exam Schedule

Take home exams are administered using the EBB take home exam platform – which is different than the EBB platform for in-class exams. Please consult the [EBB Take Home Exam Instructions](#) for further information. For each take home exam, listed below is the relevant window during which you may download the exam. The exam is downloaded as a pdf document. You do not need to install EBB software on your computer to access your take-home exams.

Once you download your exam, you will have the amount of time identified below for your exam to complete the exam in a Word document. For exams with a completion time of four hours or less, we will allow an additional 15 minutes for your exam time to allow you to download (and print, if needed) the exam and to upload your exam answers to the EBB platform.

Your exam must be turned in the earlier of (1) the designated time to complete your exam following your check out time or (2) the end of the relevant exam window identified below. Please plan accordingly. For example, if your exam allows 24 hours for completion, but you do not check out the exam until 12 hours prior to the end of the exam window, then you will have only 12 hours to complete your exam. Any exam turned in past the relevant deadline will be marked late for the instructor. Please consult with your instructor for the applicable penalty for late exams.
